February 14, 2008

Dear City Council & Luna Pier Residents:

### RE: Mayors Report 2/14/08

**January 25** - State of Our County Luncheon - Reports given by the County Commissioners, John Patterson, head of Tourism, Bill Spencer Education Superintendent and Tim Lake of the IDC and Dr David Dixon from MCC. I was able to meet Randy Richardville, Kate Ebli, Assistant to Senator Dingell, Mayor Worrell of Monroe and many more. Great networking opportunity.

**January 26** – Walk the Shoreline, flood protection workshop – with the exception of Rich Russell all of council attended, along with our City Administrator and Charles Gardner. Damage to beach sills and dike were examined. Another workshop will be scheduled for February 7 to continue sharing information about this issue.

**January 28** – Elected Officials Recognition – Monroe Chamber of Commerce introduced local elected officials. Again was able to talk to Kate Ebli. I introduced myself to local judges and the head of the Sheriffs dept. Mayor Worrell would like to attend one of our Council meetings, I extended an invitation.

**January 31** - I met with Randy from the DPW:

To amend signs at the end of the exit ramps (Gander's Patrons Welcome).

Prepared samples for Randy of a replacement sign to be located just after the road leading to the car wash (No trucks beyond this point, except local deliveries. To be placed at truck level, much bigger & more colorful).

I also requested that a sign be ordered to return 22<sup>nd</sup> St to the state recognized name of Rialto Drive.

Asked that he schedule fence removal at WT park

Gave permission to buy supplies to make repairs on park equipment

Gave permission to remove shuffle board courts

Requested that the sign locating the library be moved to the right side of the road. The wooden library sign also will be painted to make it more visible to visitors.

**January 31** - Police negotiations continue with Patrolmen Brian Stone who is representing the Police Association. I received their counter offer, to be discussed in closed session February 14th.

**February 1** - Toured DPW facilities with Randy Whipple. They need a mowing arm for the new tractor. The last one purchased was returned and all monies refunded when it continued to fall apart.

Also they would like an additional dump truck, they use it for so many things and when they get cold patch for the roads it is not available for other duties until the majority of cold patch is gone.

**February 1** - Called resident on S. 10<sup>th</sup> St. about sharing the cost of tree removal. They agreed to pay \$350.00 to have the tree removed. Assigned Randy to complete the job.

**February 5** - Met with Councilwomen Gramza concerning buildings & Land activities.

**February 6** - Discussed library hours with Dawn Shock. Set by the library board based on community surveys. There are 3 evenings that the library has after school hours and Saturday mornings.

**February 7** - Workshop on flood control

Sincerely,

Mayor Mary A. Liske
