Assessor

Chris Renius

April 24, 2008

April 15, 2008 attended EDC & Planning Commission. Little accomplished in the EDC unless they can manage the property behind Balencia's. Discussed the history of that decision and am uncertain if it is necessary for Council to continue to hold the management at this time. I suggested to the EDC that this issue be brought before the Council at the next meeting. Planning Commission discussed the need for a Master Plan and is waiting for the funds to move ahead.

April 17, 2008 toured MPACT (Monroe Public Access Cable Television). Bill LaVoy explained the process and benefits of having this service available to anyone who works or lives in Luna Pier.

April 17, 2008 Special Council Meeting. Drafted a proposal for a flood reserve millage and a local streets millage to be placed on the August Primary Ballot. It is important to Council to continue moving forward on the dike repairs. Council also decided that the parking lots would be removed from the local street proposal, so only roads would be repaired, especially necessary after our harsh Winter.

Spoke with Cindy Zohn about adding hanging baskets to the beautification of Luna Pier. Put a proposal together for Council. Spoke to Randy and he feels if he could get something with a long hooked hose to water the flowers the DPW can assure that they are kept looking nice throughout the Summer.

Preparations for the Mayoral Exchange June 5 & 6, 2008. Need to find out how many Council members would like to tour Carleton on June 5, 2008 for the day, how many would be available with their spouse for dinner that evening if offered by Carleton? Also need RSVP for those attending the Luna Pier City tour on June 6th and how many will attend dinner that evening with their spouse. The entire City staff and their spouses have been invited to dinner on June 6th at the Community Building. Mr. Liske (the Mayor's wife) will be planning the menu and making arrangements with a "Taste of Michigan" theme. I can guarantee cherry pie for dessert!

Many comments received about sill removal, all positive. Raising the hopes of residence who really want to see the work continue. Photos included.

Registered to attend "Introduction to Transportation Asset Management" workshop on May 15, 2008 in Dundee.
