Michael Demski

Assessor

Chris Renius

Mayors Report

CD's are in place for shoreline and Property sales monies. We were able to get a rate of 3.5% with interest compounding monthly. For the \$130,000 paid monthly we will get a return of \$4,623.70 per year. For the \$350,000 paid monthly is \$12,448.44 per year.

In talks with Jason Dobson an estimate for the sewer/storm drain camera scope is approximately \$10,000. To hire a contractor to scope the city in 3 sections it averages \$40,000 per year of on-going costs. Owning our own is extremely cost effective, with our employees providing the labor. We can record problem spots for comparison. The majority of the money would come out of the WWTP budget and shared partly with the DPW. We have not budgeted this item, but we should consider approving the purchase as there have been so many problems with the under structure over the last 6 months.

Attended the Christmas Tree lighting ceremony and assisted collecting completed recreation plan surveys. What a wonderful community get together approximately 75 residents attended.

Attended the Senior Housing Christmas Party December 9th.

Will attend the LPBA December meeting on December 16th.

I wish everyone on Council the most enjoyable and restful holidays!
